

CLIMATE AND SUSTAINABILITY PROGRAM

SWAG PRESENTATION

Wednesday, Jan. 30 at 7pm in the FPCW Parlor

Sustainable Weston Action Group (SWAG) presents on the challenges and opportunities of becoming a more sustainable community.

- Come learn about Weston's current progress to address its carbon footprint and longer term sustainability in the face of climate change.
- Hear about the new Sustainability Committee and key priorities for the town.
- Get tips on living more sustainably and how to join in community initiatives.
- Find out about the "Fix the Gas Leaks in Weston" campaign.

Did you know that over 140 unrepaired gas leaks were identified in Weston at the end of 2017, which are not only a huge safety concern, but are also harmful to our trees, our health and our sustainable footprint?
